SUBJECT INDEX

Accidents

SCHMEISSER G JR: Crash plan for emergency management of accident victims (June) 76

Adolescent Psychology

RAFFERTY FT JR: Emotional problems of teenagers (Feb) 66

Adoption

SCHNAPER N: Should an adopted child be told that he is adopted? (Oct) 34

Air Pollution

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (June) 86

Alcoholism

A new treatment facility for alcoholics (Jan) 38
BATES RC: Why not treat alcoholics? (Mar) 140
CHARLIE R: An AA member talks to the physician (Dec) 63
GORWITZ K: The alcoholic patient (May) 84
GUNDRY LP, DAY NE: Alcoholism—a general medical approach (March) 118
HIRSCHFELD JH, NILSSON GL: Is alcoholism a medical responsibility? (Nov) 71
HITCHMAN I: The state mental hospital program for alcoholic patients (July) 83
HOFF EC: Treatment of alcoholics (Feb) 95
Institute on treatment of alcoholics (April) 169
LEMKAU PV: Mayor McKeldin's program committee on alcoholism: a progress report (Aug) 135
NILSSON GL: Referring the alcoholic to community resources (Sept) 69
Seminar for physicians on treatment of alcoholics (May) 76
TUERK I: The alcoholic's relapses (June) 80
WEISMAN MN: The Prague sobering-up station: an eye-witness report (Oct) 57

Anemia

SENNOTT WM: Roentgenographic findings in two patients with hypochromic anemia (May) 70

Aneurysm

STONEISER GL: Acute dissecting aortic aneurysms. Importance of emergency surgery (March) 131

Angiography

SCHECHTER MM: Arteriography and the diagnosis of cerebrovascular disease (Dec) 25
WOLFEL DA: Aortography—a practical approach (Dec) 73
WOLFEL DA: Lymphangiography (June) 75

Ankle

SALAZAR L: Stress radiography in ligamentous injuries of the ankle joint (Sept) 45

Antibiotics

DOWLING HF: Unusual reactions to antibiotics (Dec) 35

Anticoagulants

MCDOWELL F: Anticoagulant therapy in cerebrovascular disease (Dec) 31

Arrhythmia

JUDE JR: Electrical conversion of atrial arrhythmias (April) 167

Bacteria

KING WB JR: Atypical acid-fast bacteria (Feb) 85

BCG Vaccination

COMSTOCK GW: BCG: neither neglected nor always useful (Dec) 69
MORGAN WKC: Bacillus Calmette Guerin: a neglected but useful agent (July) 80

Biopsy

KOWITZ T: Percutaneous biopsy of the parietal pleura (Oct) 63
WOOD C: Closed renal biopsy in adults (Sept) 61

Blood Volume Determination

HELGASAN A: Blood volume vs hematocrit (Nov) 65

Botulism

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (July) 90

Carcinoma

COHN IR JR: Recurrence of carcinoma after colon surgery (July) 45
GUSBERG SB: Therapeutic decisions in cancer of the uterus (July) 37
JONES HW, MCCLELLAND ME: The changing clinical picture of carcinoma of the cervix (Sept) 58

Cardiovascular Diseases

RASKIN J: Cutaneous lesions associated with cardiac dysfunction (Dec) 59
SCHERLIS S: Problems in the employment of the worker with heart disease (Sept) 39

Cerebrovascular Disorders

FIELDS WS: Current concepts of cerebrovascular insufficiency (Dec) 21
MCDOWELL F: Anticoagulant therapy in cerebrovascular disease (Dec) 31
SCHECHTER MM: Arteriography and the diagnosis of cerebrovascular disease (Dec) 25

Child Psychology

LEGRAND DD: Psychoanalytic principles applied to pediatric surgery (March) 113
PEMBROKE RH JR: Some thoughts on preventive psychiatry in general medicine (Feb) 71
SCHNAPER N: Should an adopted child be told that he is adopted? (Oct) 34

Cholecystitis

RAMBO RE: Emphysematous cholecystitis (Jan) 39

Civil Defense

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Nov) 82
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Oct) 72

Communication

CAVANAUGH RL: Calling for clinical communications (June) 67

Coronary Disease

GINN WM JR, SHERWIN RW, HARRISON WK JR, BAKER BM JR: Apexcardiography in evaluation of coronary heart disease (May) 66

Dehydration

MARSH HH: Dehydration (July) 74

Dextran

FLOTTE CT, COX EF, DRITSAS C: Dextran in treatment in thrombophlebitis (July) 76

Diagnosis, Laboratory

- KING WB JR: Laboratory diagnosis of viral infections (May) 62
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (May) 81

Digitalis

- LEVY RI: Antibiotic and digitalis administration in uremia (Jan) 35

Drug Allergy

- DOWLING HF: Unusual reactions to antibiotics (Dec) 35

Economics, Medical

- HOOPER JA: Estate planning (April) 147
SEDGWICK JR: Doctor as a business man (June) 38

Education

- Training versus education (Nov) 31

Education, Medical

- Better care through better teaching (July) 23
ROSENHOLTZ M: Federal loans to medical students (Jan) 1
SILVERSTEIN AB, ROBINSON HA: Effects of medical education on interests and attitudes (June) 45

Education, Nursing

- STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Jan) 43

Electric Injury

- STAEWEN WS, TABATZNIK B: Electric shock hazards in electrocardiography and other laboratory procedures (June) 70

Electrodiagnosis

- GINN WM JR, SHERWIN RW, HARRISON WK JR, BAKER BM JR: Apexcardiography in evaluation of coronary heart disease (May) 66
STAEWEN WS, TABATZNIK B: Electric shock hazards in electrocardiography and other laboratory procedures (June) 70

Electrotherapy

- JUDE JR: Electrical conversion of atrial arrhythmias (April) 167

Emphysema

- BLIDE RW: Obstructive emphysema and pulmonary heart disease (Sept) 64

Ethics

- ETHICS CORNER: (Direct telephone line between physician and pharmacist) (April) 146
MORRISON S: Ethics (April) 145

Gamma Globulin

- KING WB JR: Chain disease (Dec) 55

Geriatrics

- Medical conference to review Maryland's health services for the elderly (May) 26
Reports from the counties (May) 49
SMITH EF: Federal role in development of community health services for the aged (May) 43
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Sept) 75
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Oct) 72
TAYBACK ML: Aging trends in Maryland (May) 29

Glomerulonephritis

- WEAVER KH: The heart and acute glomerulonephritis (Aug) 131

Haptoglobins

- LUPOVITCH A: Haptoglobin (Aug) 129

Health Education

- FARBER RE: Television anniversary (Dec) 81
FARBER RE: VD radio series (May) 83
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (May) 81
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (June) 86
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Nov) 81

Hearing Tests

- FARBER RE: Auditory testing of infants (Aug) 145

Heart

- WEAVER KH: The heart and acute glomerulonephritis (Aug) 131

Heart Block

- HUMPHRIES JO: Artificial pacemaker for treatment of Adams-Stokes Syndrome (Feb) 88

Hematocrit

- HELGASAN A: Blood volume vs hematocrit (Nov) 65

Hospitals

- ESQUIBEL AJ: Psychiatric services of Prince George's General Hospital (Feb) 61
Greater Baltimore Medical Center (Dec) 48
HALDEMANN JC: Health facilities USA—1975 (May) 33
MORRISON S: How far, Cataline? (June) 21
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Jan) 43

Hospitals, Psychiatric

see also Mental Hygiene Services

- GORWITZ K: Area variations in patient rates (Aug) 148
GORWITZ K: Chonicity (July) 94
GORWITZ K: Length of hospitalization (April) 177
GORWITZ K: Type of admission (June) 90

Hypnosis

- CONN JH: Hypnosis belongs in general practice (Oct) 29

Industrial Medicine

- EICHORN EL: Focal point: industries' medical department (Sept) 51
HOWE HF: The role of occupational health in medical practice (Sept) 27
NORRIS JL: Occupational medicine (Sept) 33
SCHERLIS S: Problems in the employment of the worker with heart disease (Sept) 39
The Occupational Health Committee (Sept) 23

Infant Mortality

- BRADLEY JE: Inter nos (June) 33

Infectious Mononucleosis

- HOAGLAND RJ: Clinical manifestations of infectious mononucleosis (July) 31

International Cooperation

- WALSH WB: Project HOPE: our overseas embassy of health (May) 94

Journal, Medical

- YEAGER GH: A new look for our Journal (Dec) 15

Laboratories

- STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Oct) 73

Liability

- SADUSK JF JR: Professional liability problems for the practitioner (June) 54

Malaria

- GORDON J: Scourge of two hemispheres (Nov) 51

Mass Screening Techniques

WHITE PD: Progress report on health department programs for phenylketonuria (PKU) (Aug) 138
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (July) 90

Maternal Welfare

FARBER RE: Maternal and child health grant for maternity hygiene (July) 92
FARBER RE: New maternal and infant care clinic to open (Sept) 76
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (May) 78
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (July) 90
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Oct) 72

Medical Assistants

Doctors: for a more efficient office encourage your assistant to become a member of MAMA (Jan) 50

Medicine

ANNIS ER: Medical freedom: an art and a science (Aug) 28
BOYER MM: The changing image of the American physician (Aug) 23
MORRISON S: How far, Cataline? (June) 21

Mental Deficiency

BESSMAN SP: An heuristic approach to chemical basis of cerebral disorders (May) 72
BLOOM JL: Facilities for care of the mentally retarded in Maryland (Sept) 72
FUNKHOUSER RH: The human development program in Rosewood State Hospital (Oct) 67
MASLAND RL: Research attack of the National Institute of Neurological Diseases and Blindness on mental retardation. Part I (Jan) 44
MASLAND RL: Research attack of the National Institute of Neurological Diseases and Blindness on mental retardation. Part II (Feb) 97
SHAVRICK AS: Rosewood State Hospital as a restorative stop-over (Nov) 73
Simplified medical classification of mental retardation (July) 87
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (June) 86

Mental Hygiene

RAPPEPORT JR, TUEBK I: A psychiatric revolution (Feb) 52

Mental Hygiene Services

BLOOM JL: Facilities for care of the mentally retarded in Maryland (Sept) 72
ESQUIBEL AJ: Psychiatric services of Prince George's General Hospital (Feb) 61
GORWITZ K: A midyear report (March) 144
GORWITZ K: A report to the 16 southern states (Oct) 76
GORWITZ K: Fact sheet for 1964 fiscal year (Sept) 78
GORWITZ K: Maryland and the national scene (March) 122
GORWITZ K: Post-hospitalization clinics (Jan) 46
GORWITZ K: The price is right (Dec) 86
HITCHMAN I: The state mental hospital program for alcoholic patients (July) 83
POLLACK IW: To meet the need (Feb) 54
SHAVRICK AS: Rosewood State Hospital as a restorative stop-over (Nov) 73
WEISMAN MN: Community mental health centers (Feb) 56

Milk

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Nov) 81

Mongols

BUTLER HG: Counselling parents and management of mongols in a state institution (April) 154

Nursing

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Sept) 75
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Oct) 72

Nursing Homes

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Oct) 72
Occupational Health see **Industrial Medicine**

Occupational Therapy

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Sept) 75

Pacemaker, Artificial

HUMPHRIES JO: Artificial pacemaker for treatment of Adams-Stokes Syndrome (Feb) 88

Pesticides

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Nov) 81

Phenylketonuria

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (July) 90
WHITE BD: Progress report on health department programs for phenylketonuria (PKU) (Aug) 138

Pleura

KOWITZ T: Percutaneous biopsy of the parietal pleura (Oct) 63

Poisoning

KING WB JR: Specimens in cases of poisoning or possible poisoning (Jan) 32

Population

FARBER RE: Baltimore's population (June) 88
FARBER RE: Population changes in Baltimore City (Feb) 93

Pregnancy Complications

BRADLEY JE: German measles and pregnancy (March) 141

Protein Metabolism

KING WB JR: Chain disease (Dec) 55

Psychiatry

PEMBROKE RH JR: Some thoughts on preventive psychiatry in general medicine (Feb) 71

Psychoanalysis

LEGRAND DD: Psychoanalytic principles applied to pediatric surgery (March) 113

Public Health

FARBER RE: Health department moves central offices (Jan) 37
FARBER RE: Highlights and shadows of 1963 (March) 137
FARBER RE: New staff appointments (Oct) 70
YOW R: Community health week (Oct) 25

Pulmonary Heart Disease

BLIDE RW: Obstructive emphysema and pulmonary heart disease (Sept) 64

Radiography

LYON JA JR: Cardiac evaluation from routine chest films (Nov) 69
MILLER HA: Case of the month (March) 134
SALAZAR L: Stress radiography in ligamentous injuries of the ankle joint (Sept) 45

Rehabilitation

CARROLL DG: The third phase of medicine (Dec) 67
RICHARDSON P: Medical rehabilitation (Oct) 31

Rubella

BRADLEY JE: German measles and pregnancy (March) 141
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (June) 86

Scleroderma

GONZALEZ LF JR: The heart in progressive systemic sclerosis (Oct) 47

Shock

MANSBERGER AR JR: Therapy of refractory shock (July) 78

Skin Lesions

RASKIN J: Cutaneous lesions associated with cardiac dysfunction (Dec) 59

Smoking

HAMMOND EC: Smoking habits and health in Maryland and neighboring states (Nov) 45
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (March) 139

Social Welfare

SMITH EF: Federal role in development of community health services for the aged (May) 43
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Sept) 75

Societies, Medical

Annual Session of the House of Delegates, Medical and Chirurgical Faculty of the State of Maryland (Aug) 39

BLUNDELL GP: President's report on activities of the Maryland Society of Pathologists during 1963 (March) 129

GOLDSTEIN AE: Voice of the president (May) 21
Maryland Academy of General Practice (Jan) 43
SARGEANT J: Your medical faculty at work (Jan) 3
SARGEANT J: Your medical faculty at work (March) 101
SARGEANT J: Your medical faculty at work (June) 25
SARGEANT J: Your medical faculty at work (July) 25
SARGEANT J: Your medical faculty at work (Aug) 17
SARGEANT J: Your medical faculty at work (Nov) 33
Semiannual Session of the House of Delegates, Medical and Chirurgical Faculty of the State of Maryland (July) 51

State Medicine

KOONTZ AR: King-Anderson: 1963 version of socialized medicine (Jan) 21

Streptococcal Infections

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (June) 86

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (May) 78

Suicide

FARBER RE: Suicide study (Nov) 77
GORWITZ K: Suicide (Nov) 85
SHOCHET BR: Attempted suicide. Experience in a general hospital emergency service (March) 107

Surgery

LEGRAND DD: Psychoanalytic principles applied to pediatric surgery (March) 113

Syphilis

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Jan) 42

Syphilis Serodiagnosis

JANNEY JH, DIMIJIAN GG: Syphilis serology—significance

of a low-titre VDRL test and recommendations for further diagnostic procedures (April) 170
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Jan) 42

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (March) 138

Technology, Medical

KING WB JR: A note of appreciation for medical technologists (Oct) 44

Tetanus Toxoid

MARTIN RE: Some current problems regarding tetanus prophylaxis (Jan) 8
STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Aug) 142

Thrombophlebitis

FLOTTE CT, COX EF, DRITSAS C: Dextran in treatment of thrombophlebitis (July) 76

Tracheostomy

MICHELSON E: Tracheostomy (Oct) 49

Tuberculin Reaction

FARBER RE: Tuberculin tests in public schools (April) 173
MARINE D: Current status of tuberculin testing (March) 135

Tuberculosis

SHEA JM JR: From a TB patient's notebook (Feb) 90
Sherwin RW see GINN WM JR

Tuberculosis, Bovine

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (March) 138

Tularemia

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Feb) 94

Uremia

LEVY RI: Antibiotic and digitalis administration in uremia (Jan) 35

Ureter

BISANAR JM: Ureterocele with calculus formation (April) 178

Virus Diseases

KING WB JR: Laboratory diagnosis of viral infections (May) 62

Vital Records

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Feb) 94

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Aug) 142

Vital Statistics

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (May) 81

Voluntary Health Agencies

Association for the aid of crippled children (June) 83
SCHERR ML: Maryland Association of Retarded Children, Inc (April) 174

Women

STOLTZ MFS CR: To thine own self (Feb) 99

Wounds and Injuries

WILDER RJ: Peripheral arterial injuries (Sept) 66

Zoonoses

STATE OF MARYLAND DEPARTMENT OF HEALTH: Highlights (Feb) 94
